

Crown Post Operative Instructions

1. Do **not** floss or use toothpicks between those teeth.
2. Try to avoid chewing on the temporary crown and definitely **avoid sticky, chewy or gummy foods**.
3. If you use an electric toothbrush, please **brush gently**. Otherwise, if you use a manual toothbrush, you may brush normally.
4. Numbness from the anesthetic should subside in a few hours.
5. If your temporary crown comes off or changes in any way, call our office at 791-0030 for an appointment. Please bring the temporary crown with you to this appointment.
6. In three weeks, the permanent crown will be seated.

If you have any questions please call the office at 791-0030 or visit our website www.familydentalmontgomery.com
